

# OSHA Compliance (30Hrs)

Assure the safety and health of your workers by providing training that will encourage continual improvement in workplace safety and health. This OSHA 30-hour General Industry or Construction Standards Course is a comprehensive safety program designed to address the most commonly dealt with topics found in 29CFR1910 General Industry Standards or 29CFR1926 Construction Standards. The program provides complete information on OSHA compliance issues and establishes a foundation for the company safety program. Employers and employees alike will benefit greatly from information provided in this program. Ideal for newly hired employees to ensure that they are given a broad overview of the role that OSHA plays in the workplace as well as their own personal roles and responsibilities regarding safety. Each student who successfully completes the program will receive a completion card issued by the U.S. Department of Labor. The Course Completion card has no expiration date!

## SOME OF WHAT YOU WILL COVER

- ★ Where to locate and how to apply OSHA safety and health standards, policies, and procedures
- ★ Utilize OSHA standards and regulations to supplement an on-going safety and health program
- ★ Identify common violations of OSHA standards and propose abatement actions
- ★ Learn to identify safety and health problems in the workplace
- ★ Where to find safety and health resources
- ★ Describe appropriate abatement procedures for selected safety hazards
- ★ How to properly maintain health and safety records
- ★ Know and understand employer responsibilities for providing PPE
- ★ The proper display of safety signs
- ★ All participants will receive a participant's manual which also serves as an excellent field guide for future reference
- ★ All courses are led by authorized OSHA Outreach trainers
- ★ 29CFR1910 General Industry Standards or 29CFR1926 Construction Standards & Materials Furnished

*OSHA has issued a new policy that limits all OSHA Outreach Training (classroom and online) to a maximum of 7.5 hours training per day in all OSHA 10-Hour courses. As a result, all 30-Hour courses must be delivered over a minimum of 4 days.*
