

# Train the Trainer

*“Jennifer is a great worker, so let’s make her a trainer.”*

This may have happened to you or maybe you had a ‘Jennifer’ that you moved into a trainer role. Hopefully you, or they, received the necessary skills training, typically this is most often not the case. It’s not enough to train the workforce; you also have to train the trainer!

If you’ve been placed in the position to be a trainer, or you aspire to be one, “*Train the Trainer*” provides the practical platform skills and confidence you need to thrive and succeed. This interactive training program is written, designed and delivered by professional trainers who are passionate about what they do and are committed to providing recognized qualifications that will help advance your career and make you stand out from the crowd! This powerful seminar puts the latest trends and techniques at your fingertips. Whether you have been training for a while or have never stepped onto a platform, this workshop will show you how to become a facilitator of learning, not just a presenter. You will build confidence, engage your audience from the beginning and leave your trainees praising your training abilities.
